

Dear all Finn Secretaries, and others
A quick update of plans for this year.

MAJOR CHAMPIONSHIPS 2022

Many of you are asking for more information on the 2022 events and while we are working on this there have been a few delays beyond our control.

I have therefore published an update on all this year's events here: <https://finnclass.org/news/20-news/1154-2022-event-update>
We'll bring you further updates as soon as possible.

EVENT CALENDAR 2022

We have also published a list of all 2022 events we have been informed of here: <https://finnclass.org/racing/2022-calander>

If your events are not there and you'd like them included please send to me in the same format. If you also send me links to results and other info then I will endeavour to keep this updated through the year.

This list is also used to create the SSL World Ranking List, so keeping it up to date will ensure your sailors figure well in that.

RANKING LIST/CONTINENTAL SERIES

Work is still ongoing into investigating the most efficient and workable solutions for this, and we'll bring further updates in due course as it evolves.

FINNFARE

Work on the first issue of FINNFARE for 2022 will begin shortly. If you have any content ideas, stories, news reports, regatta results to include please send to me by the end of February.

The Executive decided to keep the current frequency of FINNFARE during 2022, but to maintain this we need to find more advertising. If you know of any one who may like to advertise, please send me their contacts so I can send a media pack.

2022 AGM

This will be held during the Finn Gold Cup at Malcesine on Monday 16 May. In accordance with the IFA Constitution, any submissions must be with me by March 16 please.

QUESTIONNAIRE

In the coming weeks we will circulate a questionnaire to feed the decision making at the AGM. There are a lot of areas of the class under discussion at present, so the executive would like to gather opinion ahead of the AGM.

Best wishes to all,
Robert
